Pot of Coffee
Originally constructed in 1934, the track, then known as Sportsman Park, was intended as a greyhound track. When this plan failed, ownership changed and the focus was switched to midget car racing. After 20 years as a successful car racing facility, interest began to wane and, in 1956, Sportsman Park was demolished to make way for what would eventually become one of the nation’s premier harness racing tracks, Northfield Park.

While Northfield Park is the only remaining commercial harness track in Northeast Ohio, originally it was the third track in a circuit that included Painesville Raceway to the north and Grandview Raceway near Aurora. Northfield was constructed and opened in 1957 by Grandview’s owner, the late Walter J. Michael, who wanted to expand the racing season. Michael, owner of Pickwick Farms, Ohio’s most prominent standardbred breeding farm for decades, also owned a stable of notable horses including Miss Sarah Abbe, the equine star of the motion picture, “Home in Indiana.”

In 1972, the racetrack was purchased in part by Cleveland real estate magnate Carl Milstein, who later leased the facility to outside operators.

When Carl Milstein passed away in the fall of 1999, his family took over operation of the track. Along with Chief Operating Officer Tom Aldrich and his staff, the Milstein family is solidly committed to making Northfield Park a track that emphasizes its live racing, while providing the most user-friendly atmosphere possible for simulcast patrons.

Open every live race night from 6 pm to 12 am.
We accept all major credit cards. No personal checks, please.
Hot food available 6 pm to 10 pm.
Dessert and cold salads available until 10:30 pm.
